**Subject: Fourth of July Parade**

This is a reminder to all participating in the Fourth of July parade in Bridgewater.

**Please note that there will be NO throwing of items from floats or vehicles. If you choose to disperse any type of item – including candy – it MUST be done by people WALKING along the route – this is being done for the safety of all.**

I am very concerned with the possibility of a child being run over by a vehicle running for an item being thrown from a float. We have a wonderful event every year and we want to make sure the event is safe for all of those involved. Thank you for your cooperation.

DISTRIBUTION:  
Fourth of July Committee  
Town Manager
